Giant California Sunshine ASTERS

A glarious new type of Asters growing 3 feet high and carrying large, showy blossoms on elegant long stems. The color combinations in this new Aster are particularly beautiful as most of them have a dual tone effect created by the cushion-like center being of a different color than the large, gracefully curved outer rays. Splendid for garden display and for cutting.

SUNSHINE MIXED. Pkt., 20c; special pkt., 75c.

GLORIA. A lovely dark pink. Beautiful, dense feathery flowers arranged in shapely spikes.

BONFIRE. (New importation). Color dark red.

GLADSTONE. Pure white.

Seven Patented Everblooming

HYBRID TEA ROSES

Two-Year, Northern Field-Grown Plants

ECLIPSE

New Everblooming Rose. Plant Patent No. 172. The international sensation of the year, awarded prizes in Rome, Paris, and other test-gardens. Its long, stream-lined bud, enhanced by ornamental sepals, is of rich gold without shodding. Petals are large and tough but not numerous, averaging 20 to 25, with more in the outturn. Speaking of this Rose, a connoisseur remarked: "Elegance is preferable to opulence." The name Eclipse came about because the seedling bloomed for the first time on the day of the total eclipse, August, 1932, and it will go in commerce with the slogan, "It eclipses 'em all." **\$1.50 each; 3 for \$4.00; \$15.00 per doz.**

GLOAMING

(J. H. Nicolas 1935). Plant Patent No. 137. **\$1.25 each; \$12.50 per doz.** A cut flower variety which has proved a "winner" wherever grown. Its large buds are carried on long rigid stems amply clothed with handsome foliage. The plant is vigorous and branching, fairly tall growing. Bloom is of unusual coloring—fawn-orange in the bud and the large, full blooms are of a peculiar pink overlaid with salmon.

Eclipse

COUNTESS VANDAL

(M. Leenders 1932). Plant Patent No. 38. **\$1.00 each; \$10.00 per doz.** The Rose of Roses! "Countess" has been enthusiastically received by Rose lovers everywhere. Its long pointed bud, its distinctive shoddings of coppery bronze suffused with soft gold and its form are a continuous "movie" developing new beauty at all times during its long life. A leading seller among Hybrid Tea Roses.

WHITE BRIARCLIFF

(Mme. Louis Lens). (Lens 1933). Plant Patent No. 108. **\$1.25 each; \$12.50 per doz.** The first and only absolutely pure white Hybrid Tea Rose—the goal of hybridizers for years. A supreme white Rose, with the finest form since bride's Roses have been grown. Vigorous, bushy plants. Tremendous producer and ideal for cutting.

R. M. S. QUEEN MARY

Plant Patent No. 249. The color of this beautiful variety is quite distinct from anything yet seen in Roses—a wonderful combination of vivid shades, rich blending of glowing salmon and pink with an orange base. Buds long and pointed, flower large and of beautiful form. Freely produced and delicately perfumed. Good strong habit. Awarded highest honors wherever exhibited. **\$2.00 each; \$20.00 per doz.**

McGREY'S PINK

(McGredy 1936). Plant Patent rights reserved. **\$1.50 each; \$15.00 per doz.** The color is a beautiful bright rose. As the flower opens the outer petals shade to a pearly cream and pink with a saffron-yellow base. The blooms are large, of perfect form, and sweetly scented. They are produced on stiff stems, free and continuously from early summer to late autumn. The long stems are covered with dark green foliage and few thorns. It is a Rose of considerable merit on account of the model blooms produced in the greatest profusion. A fine Rose for exhibition and garden purposes. Awarded the First Class Ground Certificate and Certificate of Merit of the National Rose Society.

ROME GLORY

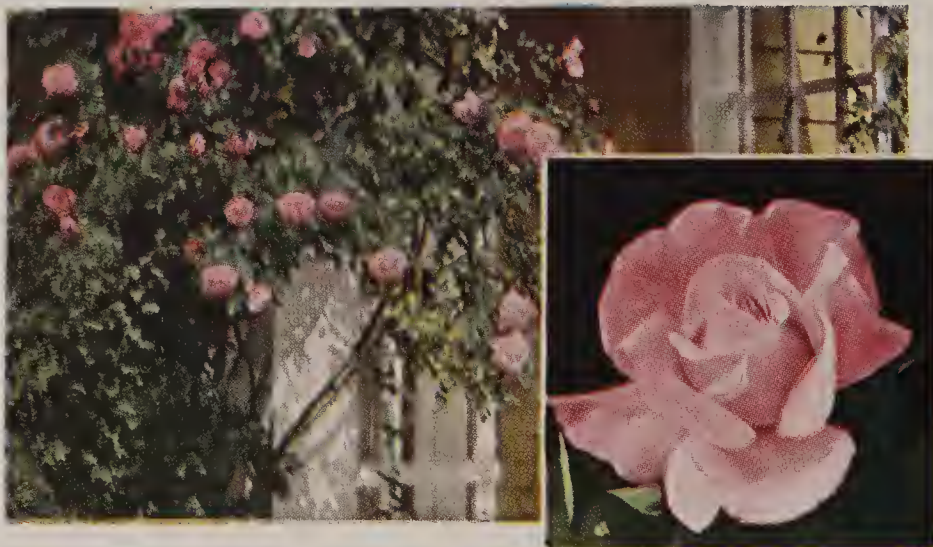

(Aicordi 1937). Patent applied for. **\$2.00 each; \$20.00 per doz.** A cross of Dame Edith Helen and Sensation. This Rose was bred with the objective of raising a red Dame Edith Helen and the objective has been reached. A most robust and vigorous plant, much more winter hardy than most Hybrid Teas, producing in quick succession long stems bearing large crimson-red buds, opening into full, well-formed, fragrant, cerise-red blooms. The flowers are long lasting on the plant or when cut and are not affected by dry or wet weather. We have no hesitation in proclaiming Rome Glory the finest red Rose yet introduced.

Rome Glory

3 Sensational New Patented Climbers

No. 1, Two-Year Northern Field-Grown Plants

NEW DAWN (Plant Patent No. 1)

An everblooming form of the grand Dr. W. Van Fleet. Large cameo-pink flowers of unusually graceful form. Fragrant. \$1.50 each; 3 for \$4.00; \$15.00 per doz.

© 1936

PLANT PATENT NO. 152

DOUBLOONS

(Plant Patent No. 152)

A Giant New Yellow Climber

A hybrid of our native Rosa Setigera. Clusters of very large, cup-formed, saffron-yellow blooms, opening one after the other, thus prolonging the season. Long, heavy canes. Undoubtedly the best yellow climber to date. Has the tendency to repeat in midsummer. (Horvath 1934). \$1.50 each; 3 for \$4.00; \$15.00 per doz.

BLAZE (Plant Patent No. 10)

Everblooming Paul's Scarlet Climber. Brilliant scarlet flowers of medium size. Very lasting. Indispensable for effective landscape planting. \$1.00 each; 3 for \$2.75; \$10.00 per doz.

Standard CLIMBING ROSES

Price: 65c each; \$6.50 per doz.

DR. W. VAN FLEET. Large, cameo-pink flowers borne on long, strong stems. Very vigorous; canes attain immense size.

PAUL'S SCARLET. Vivid scarlet flowers, shaded with bright crimson. Perhaps the most showy of all climbers.

MME. GREGOIRE STAEHELIN (Spanish Beauty). Crimson bud, opening to large pale pink flowers. Fragrant.

AMELIE GRAVEREAUX. Everblooming Climbing Rugosa. Gives a great profusion of American Beauty Roses in clusters. Wonderfully fragrant. Gives THREE crops of blooms.

GROUP of FOUR OLD-FASHIONED VERY HARDY ROSES

FRAU KARL DRUSCHKI Gigantic white buds and blooms.

AMERICAN BEAUTY Cerise-red.

HENRY NEVARD. Velvet scarlet.

MME. ALBERT BARBIER. Pinkish yellow.

Your Choice: 65c each; all four, \$2.40

Other Varieties Recommended for Garden Use

AUTUMN. Most extraordinary colored rosebud—burnt sienna—on strong stems for cutting. Foliage glassy and very dark green and resistant.

DAME EDITH HELEN. The flowers resemble a perfectly shaped bright pink Francis Scott Key. The most perfumed of all pink Roses.

ETOILE DE HOLLANDE. Dark red. Finest red Rose yet produced. Buds are of perfect form; blooms large and double, on long stems, and truly fragrant.

MME. BUTTERFLY. The finest Rose of the Ophelia type. Bright light pink, shaded with gold.

MRS. E. P. THOM. Clear yellow. Vigorous, upright grower with abundance of foliage. Full, double flower, sweetly scented, produced on long stems, ideal for cutting. One of the leading yellows.

MRS. SAM MCGREDY. Large, fairly double bloom of orange-salmon, with a suffusion of gold. Vigorous, healthy plant.

PRINCE FELIX. Well formed bloom rather large, of brilliant scarlet red. Tall, healthy plant of Radiance type.

RADIANCE. Large, brilliant rose-pink blooms.
